BLUES PLAYED INFERIOR BALL

STUPID BASE RUNNING AND NEED-LESS SACRIFICE HITTING.

Several Times They Had Victory Within Their Grasp, but Allowed It to Slip Away From Them Through Bnd Judgment.

I: is the little things that win and lose baseball games. Half a dozen times yea-terday the Blues were within reaching distance of victory, but they failed to ctch it. Little things got in their way. Barnett pitched a fine game and there were but two errors behind him; he struck but two bases on balls. The Blues out-batted their opponents, and received but listic the worst of the umpire's many de-cisions.

base hit. He popped one up to Daley.
Looking at the game critically yesterday
it is not difficult to see why the Blues
look. The baserunning was bad, the 'wait
t out' orders were oddly mixed and the
sacrifices came in at unlooked for places.
The game stretched into two hours and
afteen minutes. The Blues made their first
un on a threebagger by Delebanty and a run on a threebagger by Delehanty and a single by Jim Bannon. Three singles gave them two runs

An Ohio exchange says they have some funny umpiring in the Interstate League and the decision which was made in Toledo the other day stands alone in the annais of basebail. Hassamaer was at but and he hit a fly to the center fielder, which was caught. Roaring Bill declared that the catcher interfered with his bat, thus preventing him from making a home run, and the official allowed such an unreasonable kick to ge through, declaring Hassamaer, and as Toledo only defeated Springfield by one run, it is no wonder that Rinehart cannot win when he is up against such propositions as that. If President Power has the least bit of stamina he will give that game to Springfield, if it is his lant official act, and if work of that kind is tolerated it means a speedy disruption of the Interstate League.

The public reception was never given. It is all well enough to gloat over a few victories, but gloating as a fine art sh

OGDEN'S COLORS LOWERED.

OCTAGON WINS THE CLASSIC WITH-ERS STAKE AT MORRIS PARK.

In the Betting Orden Was the Favorite and Was Backed Down From 9 to 10 to 3 to 5-Octagon Held at 8 to 5.

New York, May Li.-Ogden, the crack 2cear-old winner of the Futurity of 1896, had colors lowered at Morris park to-day by the Belmont colt, Octagon, who ran such a good race in the mud on Thursday. It was the twenty-fourth running of the clas-sic Withers stake for 3-year-olds at a mile, and a great crowd gathered to watch the contest. In the betting Ogden was the favorite, for, opening at 5 to 19, he was stead-ily backed down until no better than 3 to 5 fell on him, while Octagon was held at 1 to 5 from beginning to end. The other two Regulator and Bannock, were scarcely backed at all.

The start was good and prompt, and a the horses came out of the chute, Bannock showed the way, with Regulator second, showed the way, with Regulator second, Ogden third and Octagon in the rear. The pace was slow for the first sixteenth, but they soon warmed up to their work, with Bannock falling to rear, his chances for winning being gone in the first half mile. Regulator showed the way for a while in company with Octagon, but Ogden was well up and evidently the freshest of the lot. As they ran along the upper turn of the Withers mile, Taral had to work a little on Ogden to keep him up to his speed, while close behind him was the speedy Octagon, still going well within himself. It was but a few seconds before they had entered the straight and were on their way.

tagon, still going well within himself. It was but a few seconds before they had entered the straight and were on their way home. Then Simms let out a length on Octagon and before Taral knew it the big chestnut had passed him and he began to work with whip and spur, but try as hard as he might, he could not catch the flying son of Rayon d'Or. MACY WINS THE INAUGURAL. Captured the Prize Out of a Field of Eight Starters With Com-

St. Louis, Mo., May 15.—The spring and summer meeting opened at the fair grounds to-day with a good sized crowd in attendance. Bright and clear weather prevailed but a chilly wind made it uncomfortable for those in the grand stand. The track was far from fast, but fairly good time was made. In several of the events, the Maxwell gate was successfully used. Six well filled events gave good sport to the crowd and eleven books had all they could do to look after the betting.

The first race at seven furiongs was easily won by Robair. In the race for maiden 2-year-olds at four and a half furiors, there was a field of thirteen. Dr. Coop, at 8 to 1, was the winner. Charm, at 3 to 5, was the first favorite to win, capturing the third event by a length, easily. Macy, with T. Burns up, a favorite, at 8 to 5, easily won the Inaugural handicap, a sweepstakes for 3-year-olds and upward, by two lengths. There were eight starters, Histry McCouch being scratched. The getaway was good, except that Dare II. was almost left at the post. Macy was soon in front and kept the lead to the finish, easily outclassing his mates. Ulysses was second, six lengths ahead of Nimrod, with the field badity scattered. Garner landed another winner in the fifth race, bringing Dr. Wamsley, the favorite, under the wire three lengths in the lead, Celtic Bard casily cuptured the closing race. The judges suspended indefinitely Jockey T. Leigh for his questionable ride on Horseshoe Tobacco in the third race. Summaries:

BLUE IN DUAL TRACK GAMES.

Harvard Won Firsts in Only the Quar ter, the Half and the Shot-U, of P. Downs Cornell on the Track.

New Haven, Conn., May 15.-Yale and Harvard met for their sixth annual dual rack games at the Yale field this after-It was expected that the struggle would be close, but Yale won handly, the score being 80 to 24. Harvard won firsts in only the quarter, the half and the shot, Hollister being the only member of the crimson team to make more than one first. He won his events, the half and quarter

in fast time.

The feature of the meet was the high fump, in which Merwin broke the Yale record, going 6 feet 24 inches. Second and third places in this event were not de-cided, as Rice and Morse, of Harvard, were tief. Their tie will be jumped off at Cambridge next week.

Cornell's Second Crew Wins. Annapolis, Md., May 15.-Cornell's sec-Annapolis, Md., May 15.—Cornell's second varsity crew won a very interesting boat race to-day from the naval cadets, beating the sailor boys by two lengths in the fairly good time of 11 minutes and 15 seconds and finishing two lengths ahead at the end of the two-mile straightaway course. The cadets came in seven seconds later. It was pronounced by all who saw it, the pretitest race ever rowed on the Severn river, and both crews have reason to be proud of the showing they made. The course over which the race was run was laid straightaway shoreward from was laid straightaway shoreward from to be proud of the showing they made. The course over which the race was run was laid straightaway shoreward from Greenbury Point light, and was two miles long and had no turns.

Cornell took water slightly in the lead and set the pace at about 35 strokes, the cadets pulling hard and strong, but not quite so rapidly. The water was quite rough, a fact which appeared to trouble the Ithacans somewhat. The cadets, on the contrary, being accustomed to rough water, took to it most kindly and pulled in a line as straight as an arrow. Almost from the start the cadets forged slowly ahead, but the effort came too late and Cornell shot past the finish amid the cheers

Cornell shot past the linish amid the cheers of the crowd and the booming of guns, two clear lengths to the fore. Time, Cornell, Il:15; Cadets, Il:22. SEMI-MONTHLY PAY DAYS. Employes of the Railway Postal Serv-

ice to Be Protected From Money Lonning Sharks. In accordance with the recent orders of the postoffice department, all employes of the railway postal service will hereafter be paid their salaries semi-monthly instead of monthly, as has been the rule. Yesterday being the 15th of the month, the first payent of a half month's salary was made to all of the postal clerks who called at the

ment of a half month's salary was made to all of the postal clerks who called at the postoffice here. There are 237 men carried on the postal clerks' pay roll in Kansas City. Only about twenty-five of the men called for the half month's pay yesterday. It is claimed that most of the men here would have preferred the old manner of payments, but it is expected all of them will come in hereafter on time.

The order was made to keep money sharks from taking undue advantage of the necessities of the clerks in making loans, in many cities the sharks ply their business and fatten off the proceeds. The postul department has tried for years to shut them out of business with the clerks, but has not wholly succeeded. Orders have now been issued to not pay any portion of a clerk's salary to money sharks, no matter what arrangements had been made. The clerk in person must get his pay and sign the pay roll. It is believed the new order will wipe out the field the sharks have been occupying. None of the complaints have been made from Kansas City. The same state of affairs existed in connection with postoffice clerks and other employes, but Assistant Postmaster Seidility put in practice the semi-monthly pay roll plan for all employes who cared to use it, and by this means saved the employes from becoming victims of the money shavers.

basin cleaned a large quantity of mud was taken. In some places it was ten feet deep. Mr. Longwell says this accumulation of mud was caused by high water in the streams in Iowa and Nebraska, tributary to the Missouri river. "As a rule, soid he, "nothing but sand comes down the Missouri river. But when the streams in Iowa and Nebraska are high they wash a great deal of mud into the big river."

More Pingree Patch Land.

The Pingree commission held its regular The Pingree commission held its regular weekly meeting yesterday afternoon. Donations of two lots in the northeast part of the city were received from William Blair, of Nashville, Tenm. and about five acres of land in the West bottoms was donated by Kansas Cityans. These donations were allotted to lifteen applicants. After the meeting to be held next Saturday afternoon, the commission will hold monthly meetings. The crops upon all the allotments are reported in fine condition.

Special Council Meeting Probable. Mayor Jones will probably call a special meeting of the city council for to-morrow evening. There are a number of matters pending that he is anxious to have disposed of. Among there is the question of the disposal of garbage and the putting in at the Junction and other points in the city of large cisterns to be used by the first department in case of emergencies.

Building Permits.

The Second Street Improvement Company obtained a permit yesterday to erect a frame warehouse, 50x50 feet, to cost \$1,000, at No. 216 East Second street. Miscellaneous permits aggregating \$4.170 were issued by the superintendent of buildings.
